Summary

Software Developer with 10+ years of experience and strong knowledge of object-oriented programming in Java.

Skilled in designing, coding, and deploying web applications using the Spring Framework. Proven ability to thrive in fast-paced environments and deliver projects on time.

Self-learned UX design through online courses and currently expanding front-end expertise with React.js and Tailwind CSS to build modern, responsive applications.

Career history

Software Developer at ACELSYS SDN. BHD

Feb 2013 - Present

Developing new functionalities, both back end and front end.

Developing and testing solution.

Responsible for unit testing for various modules.

Analysing user requirements and developing systems that meet their requirement.

Deploying solutions in the server.

Doing maintenance and enhancement to existing systems.

Supporting customers with system issues.

Projects

SOGO Gift Card Management System

A web-based gift card management system developed for SOGO, enabling users to manage gift cards efficiently.

Tools & Technologies: Java, Struts 2, SOAP Web Services, Microsoft SQL Server, Jasper Reports, Apache Tomcat.

Singer Malaysia Credit Application System

A credit application system developed for Singer Malaysia to streamline the process of applying for hire purchase financing.

Tools & Technologies: Java, Spring Boot, MySQL Server, Jasper Reports, Apache Tomcat.

TPCA (Third Party Claim Administration) System - Pra Assist Medical Network Sdn Bhd

A claims administration system developed for Pra Assist Medical Network Sdn Bhd to manage insurance claims on behalf of insurers.

Tools & Technologies: Java, Strut 1, MySQL Server, Jasper Reports, Apache Tomcat.

Weather App

A simple and responsive weather application built using React.js and Tailwind CSS. The app fetches real-time weather data from a public API (such as OpenWeatherMap) based on user input for any city.

Contact Manager App

A simple contact management application built with React.js, React Router, and Tailwind CSS. The app allows users to create, view and delete contact information in an organized interface.

Personal Portfolio

A personal portfolio website developed using React.js and styled with Tailwind CSS. The website showcases my background, technical skills, personal projects, and contact information.

Skills

JAVA Programming Language, Spring Boot, Rest Web Services, MySQL Database, J2EE, Spring Data, Struts Framework 1 and 2, Hibernate, AJAX, JavaScript and jQuery, Software Development, React.JS, Tailwind CSS, Bootstrap, Java Spring Boot

Languages

Bahasa Malaysia, English

Education

BACHELOR OF SCIENCE degree from TUNKU ABDUL RAHMAN COLLEGE & CAMPBELL UNIVERSITY
Finished 2013

ADVANCED DIPLOMA IN INFORMATION SYSTEM ENGINEERING from TUNKU ABDUL RAHMAN COLLEGE
Finished 2012

DIPLOMA IN INFORMATION SYSTEM ENGINEERING from TUNKU ABDUL RAHMAN COLLEGE
Finished 2010

Sijil Pelajaran Malaysia (SPM) from Sekolah Menengah Kebangsaan La Salle Sentul
Finished 2007
